

## Optional Linen Service

As part of the Hotel's commitment to excellence, it is our standard policy to change your sheets and towels every day of your stay with us. However, as part of our efforts to minimize our impact on the environment, we now offer our guests the option of not having sheets and towels changed each day. In the aggregate, this small measure has the potential to significantly reduce the amount of water, energy, and detergent that is used in cleaning items that have been used only once!

**If you do not want us to change your sheets,  
please place this card on your bed.**

**If you do not want us to change your towels,  
please hang them up to dry.**

The Hotel is a proud participant in Virginia Green, the Commonwealth of Virginia's campaign to encourage environmentally-friendly practices in all aspects of Virginia's tourism industry.
